

## **Client Case Study**

**Client Name:**

HighTechLending

**Company Type:**

Mortgage Banker

**Project Title:**

Network Rewire and Server Consolidation/Move

**Scope of Work:**

Soft Point Media was contracted to dispatch a technician to HighTechLending's Roseville, California office for a project involving rewiring the main distribution network and moving all of the servers from a spare office into a dedicated server/communications room. The project included the installation of a new rack-mounted LCD KVM (Keyboard/Video/Mouse) unit as well a network connect and managed PDU (Power Distribution Unit) which allowed for remote management of all power to the servers.
